Canvas Parent User Guide

Lindfield Learning Village (LLV) has chosen to use Canvas as the learning management system which has the capability to manage school course work, submission and marking of assignments, student calendars and more. Canvas Parent enhances the potential for parents to engage in their children's education. Parents can review upcoming or past assignments, check on grades, and receive alerts for student activity.

Canvas Parent can be used by any Canvas user who has been set up by their child/ren's school with an observer account.

Accessing Canvas

Canvas can be accessed on a desktop browser at

<u>https://llv.instructure.com/login/canvas</u>. For optimal experience it is best to use Google Chrome. *Please note* mobile browsers are not supported. It is best to use the Canvas App on your mobile.

The Canvas App can also be downloaded for free through the applicable App Store:

Google Play Store (suitable for Android devices 5.0 or later)

Canvas Parent

Apple App Store (suitable for iOS devices 10 or later)

To open the User Menu, tap the **Menu** icon.

This menu allows you to view your child/ren's profiles [1], access help guides [2], change user [3], and log out [4].

When you select **Manage Children** from the menu above, this takes you to your view your child's *Courses* as the default home page within their profile. If you have more than one child with an account, you can view the other profiles from the drop down menu next to your child's name [1].

Within your child/ren's profile, there is a menu at the bottom of the screen that allows you to quickly navigate between *Courses*, their upcoming *week*, and any *Alerts*. Each function explored in more detail below.

Courses

The *Courses* page displays the list of courses the student/s are enrolled in. For each course you can see grades, assignments and events. Grades will display according to the course grading scheme.

When you are in your child's profile, you can also select **Courses** at any time to take you back to this screen.

To see more information about a course, tap on it from the *Course* home screen (above). This will take you into the course content, where you can view week by week upcoming events and assignments. You can further tap on an assignment to view the details.

The Week

The *Week* page, similar to the *Course* content page; shows all assignments and events for all the student's courses. To view other assignments and events for all courses by week, tap the back or next arrows.

Parents can set reminders for a specific assignment or event, which are sent to mobile devices as push notifications.

Alerts

To manage students, select the User menu, then tap the Manage Children link.

Select the name of the student whose alerts you would like to change:

The Settings screen will display; from here you are able to edit assignment and course alerts using the toggles [1] or by selecting the words [2].

The alerts will display **Alerts** menu, depending on your personal settings (e.g. for individual assignments and/or course announcements). *PLEASE NOTE* Student assignment submissions can only be viewed in a Canvas browser.

Notifications

When you log into your Parent Portal for the first time on the desktop, there will be an alert at the top of your screen to ask you to set your Notifications preferences; this is useful specifically for Course Activities. Click on **Notification Preferences** to set notifications to be received instantly, daily, weekly or not at all.

Below are some of the default Notification settings; please note it is encouraged to review these so you only receive the notifications you would like:
