

# LLV Carpool Scheme

## A Step-by-Step Guide for LLV Parents

LINDFIELD LEARNING VILLAGE

**CARPOOL  
IS COOL**

# LLV Carpool Scheme

Carpooling with other students is a great way to minimise your journey times and save costs associated with pick up and drop offs.

We have created a LLV Carpool Scheme on an intuitive platform, dedicated to the LLV community.

This will assist parents in finding potential carpooling rides to and from LLV.

Please follow this Step-by-Step Guide to familiarise yourself with the platform.

If you have any further questions or enquiries, please contact [lindfieldlearningvillage@det.nsw.edu.au](mailto:lindfieldlearningvillage@det.nsw.edu.au)

# Why should I carpool?

**1 It reduces pollution.** Sharing a car with others reduces the number of cars on the road which in turn decreases air pollution.

**2 It is affordable.** Carpoolers can split commute expenses among each other to save on the cost of gas, parking, and other expenses.

**3 It is convenient.** Carpoolers can arrange pick-up and drop-off locations that are convenient to them instead of waiting for buses or trains.

**4 It is fast.** An organized schedule allows everyone to get to work on time and using HOV lanes can speed up the trip.

## Fuel and Carbon Saving Statistics

- **Average fuel consumption for passenger vehicles = 11.1L/100km\***
- **1L of petrol will produce about 2.3kg of CO2\*\***
- **Average petrol price = \$1.76/L\*\*\***

Did you know carpooling two return trips<sup>^</sup> to/from LLV on average would have benefits of:

- An average fuel saving of **2.24L**
- A carbon emission saving of **5.16kg of CO2** produced
- A cost saving of **\$3.94**

# Privacy

This carpool platform is confidential and exclusive to Lindfield Learning Village students, parents and staff.

## How does this program work?

Please click on the "Sign Up!" button to set up a personal account. You must provide a valid email address. You will be asked to enter the location of your "Trip Origin" (where you live or where you wish to meet your carpool). After you confirm your email account, you will be able to view your matches and contact the other commuters in your group by phone or email. Possible carpool matches also will be emailed to you periodically. If you do not wish to reveal your street address when you enter a carpool request, merely enter your street name or neighborhood.

## How do I know my privacy is being protected?

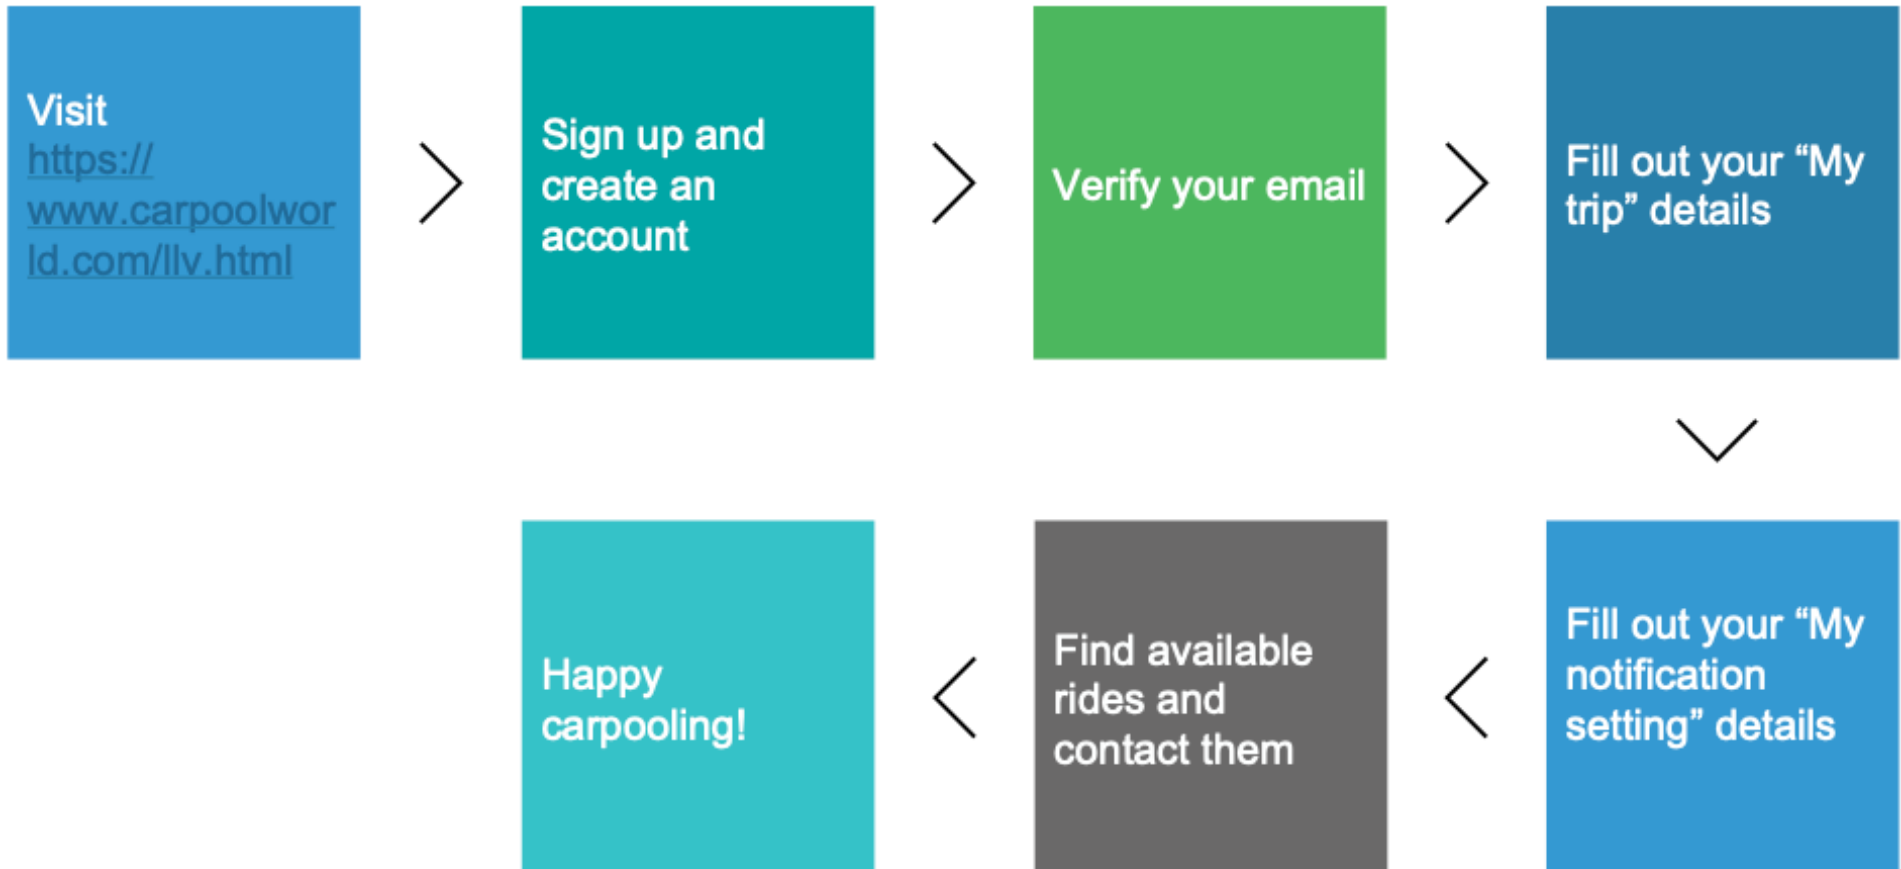

Please see our [Safety, privacy, and terms of use agreement](#) for CarpoolWorld's commitments, limitations, and advice concerning safety and privacy. CarpoolWorld strives to keep your information private and does not send spam. You have the option when you register if you wish to provide your telephone number or just use emails. You can choose to be matched only with people within the Lindfield Learning Village group.

## How easy is this system to use?

Once you have created your account, you are free to search the site for other commuters who want to carpool. You may search for those who live close to you, who have similar schedules, or who have similar driving preferences. If you are interested in carpooling with someone, simply click the provided link to send them an email, or call them if they provide a phone number. From there you are free to make arrangements that suit you both. The site also includes advanced features to search for carpools and to display the matches on a map, as you wish.

# F.A.Q.s

## **Q: How private is this platform? Will my details be shared with everyone?**

A: All carpool groups are confidential and exclusive to Lindfield Learning Village. Your details will not be available to the general public. Parents within the group will be able to see certain details you have made publicly available for view. You can change these settings at any time.

## **Q: Which carpool group should I choose if I have children in different year hubs?**

A: Please select your youngest child's year hub.

## **Q: Can staff be paired with students on this platform?**

A: No, staff are in a separate group and can only be paired with other staff.

## **Q: My child requires a car seat. How would I show that on the platform?**

A: Given the requirements for car seats for our younger students, we are initially launching the carpool program for 3-6 Hub and above. If successful and there is demand, we hope to roll this out to our K-2 Hub as well.
